## 380v high power solar water pump 350kw

Cheap Price Regulator Water Solar Power Pump AC 380V 350kw 3 Phase 50 60Hz Vector/Variable Frequency Drive, Find Details and Price about Frequency Converter ...

Hybrid Solar Pump System For Irrigation Large-Scale Irrigation: Supports high-capacity water pumping from 160kW to 350kW, ideal for large agricultural irrigation and ...

SolarPumpSys is a leading provider of 160kW~350kW Solar Water Lifting Irrigation System IP65 Solar Pump Inverters For High Power Solar Agricultural Irrigation and IP65 Solar Pump ...

The photovoltaic water pump system uses solar energy as power to drive the water pump to lift water from deep wells, rivers, lakes, reservoirs and other water sources.

The solar pumping inverter controls and regulates the operation of the solar water lifting system, converts the direct current emitted by the solar array into alternating current, drives the pump, ...

Hybrid Solar Pump Inverter For Irrigation High Power Capacity: Supports large-scale operations with pump capacities ranging from 160kW to 350kW, ideal for industrial and agricultural water ...

Xrise produce the high voltage of solar pump inverter 380-460V, and the power between 160kw to 350kw. The specification of this type of solar pump inverter is 3 phase, 50/60HZ.

Jntech 0.35 Kw To 350kw 220v 380v Single Phase Three Phase Solar Water Pump Inverter With Mppt Function, Find Complete Details about Jntech 0.35 Kw To 350kw 220v 380v Single ...
