How many sockets does a 300w power inverter have?

Starting from the 300w, our range includes the 700w, 1000w and 2000w inverters. The 300w, 700w and 1000w have 1 13 amp socket and the 2000w power inverter has 2 sockets. With the 2 sockets the power may be drawn from a single socket or from a combination of both the sockets, but the total capacity of 2000w must not be exceeded. Applications:
