
Amsterdam outdoor energy storage manufacturer

Who is energy storage NL?

Energy Storage NL is the subject matter expert on energy storage and conversion technology. We promote awareness and knowledge about the current and future role for energy storage and conversion in the energy system. Energy Storage NL represents the broad energy storage sector towards governments and external stakeholders.

Why should the Netherlands accelerate the energy transition?

The Netherlands must accelerate so as not to miss opportunities. Energy storage is the missing link in the energy transition. Without large-scale deployment of batteries, heat buffers and hydrogen storage, the Netherlands risks falling behind in Europe and becoming more dependent on foreign players.

What is volstora energy storage?

Volstora Energy Storage OEM Revolutionary Energy Storage Systems. Your partner for complete energy storage infrastructure. Proprietary battery technology. Complete EMS and 3rd party support. On-location maintenance and service. End-to-end energy storage.

What is end-to-end energy storage?

End-to-end energy storage. Volstora's integrated approach to energy storage includes the design, installation, maintenance, recycling, monitoring, and EMS services of your energy storage. From design to end of life, we innovate across the value chain of energy storage infrastructure to be a competitive and efficient supplier.

Volstora develops and builds energy storage systems using our proprietary cell-to-system production process, entirely in the Netherlands.
