# Bahrain Energy Storage New Energy Project

Will Saudi Arabia develop a solar power plant in Bahrain?

Riyadh-based Acwa Power and Bahrain's state oil firm Bapco Energies have agreed to develop a solar power plant with large-scale battery energy storage in Saudi Arabia's Eastern Province that will supply electricity to Bahrain.

What is Bahrain's national energy strategy?

In August, the Electricity and Water Authority announced the start of work on the country's first solar power plant, with capacity of up to 150 megawatts. Bahrain's National Energy Strategy focuses on improving energy demand efficiency, diversifying the national energy mix, including renewables, and ensuring secure and competitive access to energy.

How many gigawatts will Bahrain's solar plant generate?

The solar plant will have generation capacity of up to 2.8 gigawatts, developed over several phases, the companies said in a joint statement on Tuesday. Electricity generated by the plant will be transmitted to the load centre of Bapco Energies in Bahrain, accelerating the country's transition to renewable energy sources.

Will Bahrain achieve net zero by 2035?

Bahrain, the Gulf's smallest oil producer, aims to reduce carbon emissions by 30 per cent by 2035 and reach net zero by 2060. Its National Renewable Energy Plan aims to increase the share of renewables in Bahrain's energy mix to 20 per cent by 2035.

Riyadh-based Acwa Power and Bahrain's state oil firm Bapco Energies have agreed to develop a solar power plant with large-scale battery energy storage in Saudi ...

The energy cooperation news from Saudi Arabia in December 2025 added a significant touch to the map of global energy transition. During the Saudi Bahrain Coordinating ...

Riyadh, Kingdom of Saudi Arabia: ACWA Power and Bapco Energies announced a Joint Development Agreement (JDA) for the development of a solar power plant integrated with ...

Bahrain receives four competitive bids, from \$36M to \$147M, for its Sakhir solar PV project. Learn about the companies involved and the Kingdom's renewable energy goals.

Mr Mark Thomas, Group CEO of Bapco Energies, added: "This agreement marks another milestone in our journey towards energy diversification and regional collaboration. By ...

The project forms part of Bapco Energies' commitments under the Bahrain National Energy Strategy, which focuses on improving energy efficiency, diversifying the energy mix ...

Saudi Arabia's ACWA Power and Bahrain's Bapco Energies have signed a joint agreement to develop a major 2.8GW solar power plant co-located with battery storage in ...

---

ACWA Power and Bapco Energies have signed a Joint Development Agreement (JDA) to build a large-scale solar power plant with battery energy storage in Saudi Arabia's ...
