# Cape Town solar Energy Storage Support Program

Can I use a standby solar PV system in Cape Town?

No. Off-grid and standby solar PV systems are no longer permitted on properties with City of Cape Town electrical connections. Many solar PV systems using non-approved inverters are not correctly wired, posing risks to the safety and integrity of the network and significantly slowing down the registration process.

What is solar & storage live Cape Town?

REGISTER FOR FREE Solar & Storage Live Cape Town offers you a unique opportunity to connect with a large and exceptionally senior audience.
