
Efficacy of energy storage batteries imported from Cebu Philippines

I usually use the word "effectiveness" in conversation, but sometimes I use the word "efficacy" then self-correct with "effectiveness". Is there a practical difference between them?

Agreed - Efficacy is about the results, whereas Efficiency is about waste when achieving the results. Something could be said to have good efficacy but poor efficiency, if it ...

According to OED: diffident: modest or shy because of a lack of self-confidence: a diffident youth. Another word as @Jim suggested would be timid. timid: showing a lack of ...

5 My friend in the industry wrote up a little explanation for me to share: The readout is essentially when the results of a clinical trial are made public. It can take a long time ...

The word efficacy is often used in the medical field. For example, a paper might be on the efficacy of a treatment or a particular drug. The word, of course, implies how effectual ...

Any subtle difference concerning the viability and efficacy of criticism, according to the preposition used? The Ngram shows that "immune against" has always been unusual.

I routinely hear the word "efficace" being used. For example, "The most powerful way to efficace a change in the system is to participate." I do not find entries for this word in ...

Efficacy is a perfect word for this use and is usually used in the context of drug function when discussing how good a particular substance is at achieving a goal.
