
Himel circuit breaker factory in Costa-Rica

How does Himel air circuit breaker work?

Himel air circuit breaker automatically interrupts the current flowing through it when the current exceeds the trip rating of the breaker. Air is the medium of electrical insulation between electrically live parts and grounded (earthed) metal parts. [Catalog | Technical Specification: Download Catalog Request for Quotation](#)

Why is Costa Rica a good country for electronics manufacturing?

Since Costa Rica hosts the region's only Intel semiconductor assembly and test plant, electronics manufacturers in Costa Rica may enjoy a significant economic advantage. Finally, Costa Rica is geographically located between North and South America, and has ports on the Atlantic and Pacific oceans.

What is Smiths Interconnect Costa Rica known for?

The Smiths Interconnect Costa Rica plant is known for producing a wide range of electronic components and is working towards the implementation of a semiconductor manufacturing and assembly capability.
