## Is it okay not to cover the roof with solar panels

To me. Not sure I know anything about your corporate mis-deeds or not. I hope it's good enough. God knows I spent many dollars on their products over the years. In July 2025, Mattel dropped ...

It includes the following paragraph: "In addition to its online version, The Stranger is back in print, distributing 50,000 free copies a month. Its revenue comes from advertising and events. The ...

Denmark will abolish its pick-up and delivery of letters at the end of 2025, citing a 90% decline in volume since 2000. They will only handle parcels from now on. They've already removed most ...

I sent money to two political candidates and receive dozens of texts per day from candidates I never heard of in other states begging for money. The organization that intercedes with ...

It was pretty hard to miss the mass die-off of major bookstore chains, indie bookstores, and even used bookstores after about 2000. Even in Boston and Cambridge, the sudden disappearance ...

I recently got a vintage 1990s Clue game. (My wife says not to call things from the '90s 'vintage'.) Clue is a game for a minimum of three players, I don't think my wife is interested in playing it, ...

I came in this morning to find my inbox full of Google Workspace Alerts. These are notices sent to domain administrators notifying us of application failures in Google and in apps associated ...
