
Is the nighttime energy storage device reliable

Compound words such as nighttime used to be quite common in English; unfortunately, many people in modern times are forgetting about them, so their use is in decline.

Hello, Benckuo, and welcome to the forum. If we use "in the daytime", it may mean a specific daytime, but usually an unspecific daytime. E.g. These flowers open in the daytime.

...

"First Lover in the nighttime" is a coarse reference to the courtesy title normally awarded to spouses of higher government dignitaries. Some users are suggesting that ...

Morning ends and Evening begins after the sun reaches the zennith, its highest point in the sky, regardless of the time of day. Nighttime begins after the sun has set, and also ...

There is no rule that I know of that forbids this usage, but I would strongly advise using the one-word spelling variant: "nighttime". Finally, the Ngram chart below shows the ...

"Nighttime" or "night-time" is generally a noun: crickets come out / are active in the night-time. It can be used before other nouns, but is less common that way than "nocturnal", ...

I always have this question in my mind. If someone asks, what are the weather conditions there? other answers, It's hot in day and cool at night. My question is why at night ...

Why do we refer to morning, afternoon and evening as "in the morning", "in the afternoon", "in the evening" but not "in the night" instead we say "at night."
