
Kingston rooftop solar panel manufacturer

What is a Kingspan QuadCore Solar System?

The innovative system combines the thermal efficiency of Kingspan's industry-leading QuadCore insulated panels with advanced solar technology, delivering U-values as low as 0.11 W/m²·K and energy output up to 475Wp using lightweight dual-glass monocrystalline PV modules from LONGi, a world leader in solar manufacturing.

Does Kingspan invest in solar?

Through the programme, Kingspan has also made significant investment in solar PV systems to increase its on-site renewable energy generation and reduce its own direct GHG emissions, with solar PV systems installed across 57% of its wholly-owned sites by the end of 2024. Discover more about PowerPanel.

What is Kingspan PowerPanel?

Kingspan Insulated Panels, part of Kingspan Group, today celebrates the launch of PowerPanel - an integrated roofing and photovoltaic (PV) solution designed for pitched roofs. PowerPanel is one of the first systems globally to earn the FM Approved mark to FM 4478, meeting rigorous performance tests for fire, hail, wind uplift, and snow loading.

What does Solarstone do?

Stay up-to-date with our latest product developments, company news and business opportunities. SOLARSTONE develops and manufactures integrated solar roofs that combine energy production, durability, and architectural integrity. We believe that multifunctional roofs are the new normal.

A list of companies in Kingston that undertake solar panel installation, including rooftop and standalone solar systems. 3 installers based in Kingston are listed below.

Explore the top solar panel companies ranked by market cap and see how they're driving the global clean-energy transition.

Solar panels are one of the most innovative and efficient ways to produce clean energy, which can not only help the environment but also save you money on your energy bills. Installing solar ...
