## Quotation for foldable containers used in African airports connected to the grid

What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.

How much does a container hire cost in South Africa?

Container hire rates starting from as little as R199 per day. Guaranteed clean, dry and very good condition containers. Almost immediate delivery throughout South Africa. Lockable and very secure containers. For long term hires containers can be put into your company livery with our container painting service.

What is a 10 ft container?

This container type is designed to cater for the storage of different goods in the same container by having doors at both ends. A 10ft container is perfect the size because it's a versatile, sturdy, and cost-effective solution for a small office set up. Perfect for onsite security access or small home offices.

Should a container be collapsible vertically?

Collapsing vertically has its benefits, but strength is not one of them. Given the requirement to position containers anywhere on a vessel, the industry must be confident that a collapsible container can sustain the weight of fully laden boxes both at sea and in the port.
