What is the future of solar energy in Switzerland?

Solar PV power had the dominant share in the total renewable power installed capacity of Switzerland. This share is expected to further increase by 2030. Electricity Generation in Solar Energy market is projected to amount to 2.00bn KWh in 2023.

Who are SeetalSolar & Younergy?

SeetalSolar joined Swiss Solar Group in early 2023 and is a true local hero, serving cantons Lucerne and Aargau. They are known for not just delivering great quality, but also doing so with a smile. Younergy joined Swiss Solar Group in 2023. An impressive team and the self-declared "customer obsession" make it a pleasure to work with Younergy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
