
Solar power station in China in Colombia

How many photovoltaic projects in Colombia?

Up to now, PowerChina has signed more than 320MW of photovoltaic projects in Colombia, and has 7 photovoltaic projects under construction. Editor/He Yuting Chinese enterprises to build!

Why did powerchina international sign a contract with Bogota Water Company?

Recently, POWERCHINA International ushered in two successive signings of projects in the Colombian market. Among them, POWERCHINA International Colombia Branch and Bogotá Water Company signed a contract for the upgrade and renovation project of the Wisner Waterworks Plant.

Where is the 107mw tepui photovoltaic project located?

The 107MW Tepui photovoltaic project is located in Antioquia, Colombia, about 20 kilometers away from the provincial capital city of Medellin. The main construction content includes the design, supply, construction, installation and commissioning of photovoltaic power plants.

What is the EPC contract for the 107mw TEPU photovoltaic power plant?

On January 31, 2023, POWERCHINA International Colombia Branch signed an EPC contract for the 107MW Tepuí Photovoltaic Power Plant Project with Medellin Power, the largest power generation company in Colombia.

On January 23, 2025, the first green space project invested and constructed by China Three Gorges Corporation in Colombia, the Paranoa Phase I photovoltaic power station, successfully achieved full capacity grid ...

Powerchina has finished the 200 MW Guayepo III solar farm in northern Colombia, connecting it to the grid six days ahead of schedule for Italian utility Enel.

On January 31, 2023, POWERCHINA International Colombia Branch signed an EPC contract for the 107MW Tepuí Photovoltaic Power Plant Project with Medellin Power, the largest power generation company in Colombia.

The project features over 457,000 panels across 688 hectares and forms part of a 486.7 MW complex with Guayepo I and II -- one of the country's largest solar clusters.

On January 31, 2023, POWERCHINA International Colombia Branch signed an EPC contract for the 107MW Tepuí Photovoltaic Power Plant Project with Medellin Power, the largest power ...

Chinese engineering group Power Construction Corporation of China (PowerChina) said it has carried out full grid connection of the 180-MWac Guayepo III solar ...

"The Palmyra#3 photovoltaic power station project is an important symbol of Colombia's green

energy transformation," Quintana Cristian, project manager of Celsia said.

Colombian President Gustavo Petro inaugurated Latin America's first refinery-integrated solar plant, a 23 MW project at Ecopetrol's Refinery by PowerChina and JA Solar.
