
Sri Lanka solar Energy Storage Enterprise

As Sri Lanka moves steadily toward a cleaner and sustainable energy future, energy storage is an emerging component of this transformation. The rising electricity demand ...

This research contributes to the ongoing discourse on sustainable energy solutions, offering valuable insights for policymakers, energy experts, and stakeholders in Sri ...

Sri Lanka inaugurates a new 100 MW solar plant with battery storage, a key project among solar power plants in Sri Lanka aiming for 70% renewable energy by 2030.

SgurrEnergy to build Sri Lanka's first 100MW solar project with 12MWh BESS, boosting clean energy and grid resilience by 2030.

With energy storage becoming the island's new buzzword, the Sri Lanka Sunrise initiative is turning heads globally. This article cracks open the coconut (pun intended) on how battery ...

Colombo, Sri Lanka - Marking a pivotal moment in South Asia's renewable energy journey, SgurrEnergy has secured a ground-breaking contract for Sri Lanka's first 100MW ...

SgurrEnergy has secured the contract to develop Sri Lanka's first 100 MW solar photovoltaic project with a 12 MWh battery energy storage system (BESS). It will be ...

The project establishes Sri Lanka's largest non-government-funded battery energy storage system (BESS), powered by solar photovoltaic (PV) technology. The Battery Commissioning Event took place on 24th of ...
