Who is Roofit.Solar?

Roofit.Solar was founded in 2016 by Andri, who created his own solar roof. Roofit.Solar is a dedicated team of experts providing full-service solar roof installations worldwide. Co-founders Andres Anijalg (CEO) and Raimond Russak (CFO) joined the company shortly after.

Is Roofit a good choice for a solar roof?

Furthermore, we strive to be the go-to choice for the traditional roofing industry looking to transition to solar," says Andres Anijalg, CEO and co-founder of Roofit.Solar. Roofit.Solar building-integrated (BIPV) metal solar roofs enable homeowners to generate solar energy, lower their electricity bills and combat climate change.

When was Roofit.Solar founded?

Roofit.Solar was founded in 2016 by Andri. His idea soon caught flame with co-founders Andres Anijalg (CEO) and Raimond Russak (CFO) who joined the company shortly after. Roofit.Solar has since evolved into a dedicated team of experts, providing full-service solar roof installations all over the world.

Why did Andri create Roofit.Solar?

Andri founded Roofit.Solar in 2016 to create a solar roof that looked like a regular roof while generating sustainable electricity. He wanted a solution that was attractive and cost-effective, unlike the existing options that were costly, bulky, and unattractive.
