
The first energy storage power station in the Middle East

Will UAE deploy 300mw/300mwh of battery energy storage capacity?

The UAE should deploy 300MW/300MWh of battery energy storage system (BESS) capacity in the next three years, according to one of its main utilities EWEC. Sungrow has signed another battery storage supply deal with renewable energy and sustainable infrastructure developer Doral for projects in Israel.

How much is karmsolar's solar-plus-storage project in Egypt worth?

Solar energy company KarmSolar has secured US\$2.4 million in bank financing for a solar-plus-storage project in Egypt. Recent policy developments in the US and European Union represent a considerable uplift to prospects for global energy storage deployment.

What is Enel X and Magaldi group's 13mwh thermal energy storage plant?

Enel X and Magaldi Group have begun construction on 13MWh thermal energy storage plant based on patented technology. The UAE should deploy 300MW/300MWh of battery energy storage system (BESS) capacity in the next three years, according to one of its main utilities EWEC.

As September 2025 draws to a close, the Middle East's renewable energy storage sector is charging ahead with groundbreaking announcements, financial closes, and ...

The UAE has launched what it says is the world's first and largest 24-hour power project, combining solar photovoltaic with battery storage to deliver 1 gigawatt of baseload ...

A transformative, dispatchable clean-energy asset integrating 1,000 MW of solar PV with 600 MWh of battery storage to meet Egypt's rising electricity demand. The largest single-site ...

In May 2025, Shenzhen GSL Energy Co., Ltd. (hereinafter referred to as "GSL ENERGY") officially launched its 4.6MWh energy storage project in Lebanon, marking the ...

Saudi Arabia has emerged as one of the world's top 10 markets for battery energy storage, coinciding with the launch of the 2,000-megawatt-hour Bisha project, one of the ...

This 7.8 GWh project marks the beginning of large-scale energy storage deployment in the Middle East.

Saudi Arabia has emerged as one of the world's top 10 markets for battery energy storage, coinciding with the launch of the 2,000-megawatt-hour Bisha project, one of the largest energy storage initiatives ...

Abu Dhabi Future Energy Company PJSC - Masdar, a global clean energy leader, today announced the start of commercial operations at its battery energy storage system ...
