
Transformer breaker for sale in London

What is Bowers Electricals' largest transformer?

Bowers Electricals stretched to new capacities recently to deliver one of the largest transformers we have provided, a 25000 kVA 11000/35000 volts at no load, 8% impedance ONAN cooled, Eco-design Transformer for National Grid Contract.

Who sells Transformers?

The transformers are sold to private utility companies, government utility companies and EPC companies. - Currently sell to around 70 companies such as L&T, Genus, HPL, Tata Power. - Business has very good reputation in the market.

What types of refurbished transformers are available?

Our range of refurbished transformers includes standard distribution from 315kVA and power transformers up to 60MVA. The stocks include all insulation mediums including Oil, Midel, Silicon, and FR3. As well as stocks of Cast Resin & air-cooled transformers, special ratio transformers both in step up & step down designs are also readily available.

Did Bowers Electricals replace a transformer?

Bowers Electricals was contacted by Drax Group in April this year to replace one of their transformers. Bowers Electricals were brought in to supply a replacement transformer to help get a factory up and running, after their existing unit had sunk into an old Victorian drain.

Since 1947, Bowers Electricals has been a supplier of New and Refurbished Distribution and Power Transformers, Switchgear and Motors.
