# Vietnam Ho Chi Minh solar container lithium battery Production Company

Is Vietnam a good place to manufacture lithium-ion batteries?

Vietnam has emerged as a vibrant hub for battery manufacturing, particularly in the realm of lithium-ion batteries. With a focus on sustainable energy solutions and a favorable business environment, the country has attracted numerous manufacturers, establishing itself as a key player in the global battery market.

Who is the leading lithium battery supplier in Vietnam?

Company Profile: According to Volza's lithium battery export data of Vietnam, Samsung Electronics Vietnam Co., Ltd. is the leading lithium battery supplier in Vietnam, accounting for 56% of the total with 15,696 shipments. It is a subsidiary of the globally renowned Samsung Group and has established a large-scale production base in Vietnam.

Where are batteries made in Vietnam?

Ho Chi Minh City, the economic powerhouse of Vietnam, hosts numerous battery manufacturers, leveraging its strategic location for logistics and access to a skilled workforce. Hanoi, the capital city, is also a significant hub for battery production, benefiting from its central location and robust infrastructure.

What makes Leoch a leading battery manufacturer in Vietnam?

In Vietnam, Leoch established two significant factories in 2019, with an impressive annual production capacity of 36,000 tons for network power and 48,000 tons for car batteries. This makes it one of the major players in the battery manufacturing industry not only in Vietnam but globally.
