# Wellington Independent Energy Storage Power Station

Where is the Wellington Battery energy storage system located?

The Wellington BESS will be located within the CentralWest Orana REZ. Image: Ampyr Australia. Renewable energy developer Ampyr Australia has secured Shell Energy Australia's remaining stake in the 1GWh Wellington battery energy storage system (BESS) in New South Wales.

What is the Wellington Battery energy storage system (BESS)?

The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW),Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW. AMPYR Australia,a renewable energy assets developer in the country,owns 100% of the BESS project.

Will Wellington Bess be the largest battery storage project in NSW?

Once operational,it will have a capacity of 1,000-megawatt hours (MWh) of green power. This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road,Wuuluman NSW 2820.

Which is the largest battery storage project in NSW?

This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road,Wuuluman NSW 2820. The project site is situated within the Central-West Orana Renewable energy Zone (CWO REZ),in the Dubbo Regional Council local government area (LGA).

AMPYR is developing the Bulabul Battery in Wellington, Central West New South Wales, to support Australia's transition to a cleaner, more reliable energy future. Bulabul Battery ...

The Wellington Battery Energy Storage System comprise up to 6,200 pre-assembled battery enclosures with lithium-ion battery packs and associated equipment, transformers, and inverters.

Herbert Smith Freehills Kramer (HSF Kramer) has advised a syndicate of lenders on the project financing of AMPYR Australia's 300MW/600MWh Wellington Battery Energy ...

The project, developed by AMPYR Energy, will be built in two stages totalling 500 MW / 1,000 MWh, with Stage One delivering 300 MW / 600 MWh of storage. Located ...

It now fully owns the battery storage facility. AMPYR Australia is now the full owner of the Wellington Battery Energy Storage System (BESS) after acquiring Shell Energy ...

AMPYR Australia has obtained over A\$340 million (\$221 million) in funding for its 300MW/600MWh Wellington Stage 1 battery energy storage system (BESS) in regional New ...

The project, developed by AMPYR Energy, will be built in two stages totalling 500 MW / 1,000

---

MWh, with Stage One delivering 300 MW / 600 MWh of storage. Located approximately 3 km north-east of ...

AMPYR Australia has announced the acquisition of Shell Energy Australia's 50% stake in the Wellington Battery Energy Storage System (BESS) in New South Wales.
