
Windhoek exempts bifacial solar modules

Will bifacial solar panels lose exemption?

In addition to bifacial panels losing their exemption, the Biden Administration said it will raise the tariff-rate quota (TRQ) of silicon solar cells by 7.5 GW, if needed.

Is a bifacial exemption a win for the solar industry?

The Solar Energy Industries Association (SEIA) deemed it a win for the industry as it kept costs for imported modules low. Originally granted in June 2019, the exemption of bifacial modules was revoked by the Trump Administration in October 2020.

Will Biden revoke tariff exemptions on bifacial solar modules?

The Biden Administration is expected to revoke tariff exemptions on bifacial solar modules following a petition led by Qcells, a company with a multi-billion-dollar investment in U.S. manufacturing. From pv magazine USA

Are bifacial solar panels subject to tariffs?

Bifacial solar panels generally used in utility-scale solar projects are not currently subject to safeguard tariffs under Section 201 of the Trade Act of 1974. After the Trump administration implemented an exclusion for bifacial modules, they now make up almost all U.S. solar panel imports, the White House said.

The Biden administration has extended the Section 201 solar tariffs imposed on the import of crystalline silicon photovoltaic (CSPV) modules for four more years, with several ...

The White House, after increasing tariffs targeting China across sectors like steel and aluminum, semiconductors, electric vehicles, batteries, critical minerals, solar cells, and ...

The exclusion from solar safeguard tariffs for bifacial solar panels -- originally meant to help utility-scale installations -- is about to end, the Biden administration announced ...

The Biden Administration today extended the Section 201 tariffs on US imports of crystalline silicon photovoltaic (CSPV) modules for four more years but in a way that benefits ...

Studies focusing on the performance of bifacial solar modules in Windhoek have not yet been conducted, so their potential advantages in this location are unknown. The study ...

The Biden Administration today put imported bifacial solar panels back under Sec. 201 tariffs, after the specialty solar panels enjoyed a two-year exemption from extra duties first initiated by President Biden in ...
